

*Dear Judge Haakenson,*

*I just have a simple question to consider. At some point David's money may run out and then what would happen?*

*He will be 75 this year and is also suffering from Lyme. If there is any way to draw this whole situation to an end, for the benefit of his physical and financial health and have some peace in the later years of his life, that would be most helpful. As I'm sure the County wants to be done with this too.*

*Sincerely,  
Jeanette Freudenberger*
